2. (Secret - JMM) Mr. O'Neill and I accompanied Messrs. [redacted] and [redacted] who briefed the Special Group of House Science and Astronautics Committee on the Soviet space program. See Memo for Record.

3. (Confidential - JMM) Received a request from Vincent Augliere, Staff Administrator, House Government Operations Subcommittee on Foreign Operations and Government Information, for any late information on the Middle East situation which Chairman John Moss might properly use in a TV interview this afternoon in California. After checking with DDI and OCI I called Augliere to say that Mr. Moss might take advantage of the opportunity to refute Soviet claims for credit in cooling off the Middle East crisis by noting that in fact the Syrians had backed off primarily as a result of defeats administered by the Jordanian army and threats of intervention by Israel.

4. (Internal Use Only - RJK) Delivered to the offices of Senators Edward Brooke (R., Mass.), John Sherman Cooper (R., Ky.) and Representative Robert L. Leggett (D., Calif.) [redacted] items in which their names were mentioned.

8. (Secret - JGO) Met with Mr. Vincent Augliere, Staff Administrator, Subcommittee on Foreign Operations and Government Information, House Committee on Government Operations, as a follow up to the briefings provided earlier in the week by Mr. [ ] and Mr. [ ] FE Division. I confirmed the information provided during the briefing concerning [ ] and [ ] and confirmed that the Agency has no personnel [ ] public safety programs in Brazil and Uruguay. Mr. Augliere again expressed his appreciation for the briefings and indicated that he saw no need to pass on any of the information since the current Subcommittee investigations should not interfere in any way with Agency activities. See Journal item of 14 September 1970. 25X1A

9. (Internal Use Only - JGO) Met with Mr. William H. Cook, Counsel, House Armed Services Committee, and reviewed with him the draft report of the Special Subcommittee on Survivor Benefits which will be forwarded to the Subcommittee members later in the day. Mr. Cook advised that no consideration has been given to the question of anticipatory waiver of retirement pay by retired military personnel who are employed under Civil Service. He noted that the draft legislation, which is an entirely new bill drafted by the Subcommittee, models itself largely on Civil Service retirement benefits for survivors. He feels that the question of anticipatory waiver might well be handled under section 1452 of the proposed bill and suggested that we might want to talk to Paul Bender of DOD who is working on the bill with the Subcommittee. OGC and Personnel have been advised.

10. (Unclassified - JGO) Met with Captain William Hogan, House Armed Services Committee staff, and received back from him the copy of Mader's Who's Who in CIA? that had been loaned to him.

11. (Confidential - JGO) Met with Frances Christy, Immigration and Nationality Subcommittee, House Committee on Judiciary staff, who told me that the request for report on H. R. 18715 has not yet been received from Representative Charles M. Teague (R., Calif.). In all probability the request is in the Chairman's office and has not yet been forwarded to the staff. Miss Christy will keep me advised.

5. During the discussion on Vietnam, it was pointed out that Agency personnel are not involved in the AID program and a brief outline of CORDS was given. Somewhat as an afterthought, Mr. Augliere asked about the current status of [REDACTED], whom he assumed to be on Agency rolls. The response was given that both individuals had been detailed by the Agency and were no longer under Agency control but that their exact personnel status would have to be verified.

6. In closing Mr. Augliere expressed his appreciation for the briefing and noted that study is underway within the Subcommittee of possible review and investigation of expenditure of United States funds through international organizations in Africa. Some of this may relate to United Nations activities. This matter is still in the study phase.
